SCHOOL REPORT UNION DISTRICT

No. 2.

Again we are called upon to report of progress made in our schools the past year. We are sorry we cannot report more favorably but the facts are too well known. No fault of the teachers. They are first-class and each one adapted to her place. The fall term opened with everything in our favor and proved very satisfactory till the finish. The winter term opened with more scholars than any term for years. All went well for a couple of weeks when the measles invaded all the schools, old and young were treated alike until we were obliged to close the doors and wait for pupils to recover and again fall into rank. We have been unable to provide the usual number of weeks' schooling on account of sickness. Now the mumps, whooping cough and measles have had their turn we trust we may be able another year to have an uninterrupted school.

Respectfully submitted for the Board of Education,.

Report of School Board.

Another milestone has been reached in the history of our schools and it becomes the duty of the School Board to make their annual report. With pleasure we note the progress made. The board have been very successful in procuring competent teachers and from the examinations made from our frequent visits to the different schools we think the past year has been a very prosperous one for the schools of the district; both teachers and scholars have labored diligently and we are pleased to render a favorable report.

Considerable has been done the past year in the way of making our schoolrooms more pleasing and we hope still more will be done to add to their attractiveness. Some much needed repairs are being made on one of our schoolrooms, while more is needed on others in the district which we hope will be made the coming year. Your committees have intended to faithfully discharge their duties and we close the work of the year with the satisfaction of knowing that we have done the best we could.

Respectfully submitted,

SARAH F. WORTHEN,

EDWIN T. PIKE,

H. TAYLOR HEATH,

School Board.

REPORT OF BOARD OF HEALTH.

The past year has been noted for its epidemics in Bristol. More typhoid fever has presented itself than for years previous and measles unlimited.

The health of the town demands prompt attention to the sewerage question. It is for the voters of the town to decide whether we adopt the plan of sewerage as presented to the town a year ago or struggle on with surface drainage, open and blind cesspools, etc., all of of which are dangerous to the neighborhood in which they exist. Think well upon the subject and let no distant day see these evils abolished.

Respectfully submitted,

CHANNING BISHOP,
CLARENCE SMITH,

Board of Health.

Minot-Sleeper Library.

The annual meeting of the trustees was held at Dr. Bishop's office, Feb. 13, 1897. The following officers were chosen for the ensuing year: President, Richard W. Musgrove; secretary, Channing Bishop; treasurer, George H. Calley; executive committee, B. F. Perkins, I. A. Chase, G. H. Calley; librarian, Miss Emma P. Berry; assistant librarian, Miss E. Belle Calley.

The report of committee and librarian was very pleasing. Since the opening of the library not a book has been lost. The report shows an increased interest of its patrons yearly. Below will be found the report of the librarian.
